# Pharmacy and NHS Services Opening Times Christmas and New Year 2017/2018

Here are the opening times for Manchester's pharmacies and NHS services over the Christmas and New Year Bank Holidays. If you're feeling unwell and it can't wait until after the bank holiday you can access any one of these services for help and advice. You can also get lots of health advice, including how to videos, on [www.choosewellmanchester.org.uk](http://www.choosewellmanchester.org.uk)

## Care and Support

If you, or an adult you care for, need urgent social care and support, you can contact Manchester City Council for advice, information and assessment of your needs.

Telephone: 0161 234 5001 – Email: [mcsreply@manchester.gov.uk](mailto:mcsreply@manchester.gov.uk) – SMS Text: 07860 003 160

## Four things you can do to keep your loved ones well this Christmas

### 1. Flu Jab

If you're eligible for the free flu vaccine, get it now – it's free because you need it. Flu is a highly infectious disease and can lead to serious complications for people aged 65+, those with long-term health conditions, pregnant women and young children.

### 2. Keep Well and Keep Warm

Winter conditions can be seriously bad for your health, especially for people aged 65+ or with long-term health conditions. If possible:

- Keep your home heated to at least 18°C
- Keep your bedroom window closed at night
- Keep active when indoors
- Wear several layers of light clothing rather than one bulky layer

### 3. Stock up your medicine cabinet for the bank holidays

If you take prescription medication please ensure that you have enough to last over the festive period. Although some pharmacies will be open over the bank holidays, the best way to make sure you stay well is by having enough in advance.

### 4. Know who to call and where to go

- You can speak to your pharmacist about many healthcare issues including long-term conditions.
- Call NHS 111 for non-urgent, fast medical help – available 24/7.
- Our walk-in centres are open 365 days a year for minor illness and injuries.
